

## Take a look at our nursery rooms:

Our 0-2 year old room

The 0-2's have lots of fun exploring the provision, splashing in the water tray and cooking lunch in the home corner!!

## Our 2-5 years room

Our 2-5 room enables the freedom to play, explore and develop new skills while getting prepared for school.

Both nursery rooms open out on to a well-resourced shared outdoor provision, this give the children freedom to explore using their sensors with children of different ages.
