

Calderdale Children's Centre services update

December 2018

Our vision is that all children in Calderdale are happy, healthy, safe, and successful and Calderdale is a child-friendly borough and all children in Calderdale will:

- ✓ Start healthy and stay healthy.
- ✓ Be safe at home, in school and in the community.
- ✓ Enjoy learning and achieve their best.
- ✓ Develop social skills and take part in activities.
- ✓ Have a voice in the decisions that affect their lives.
- ✓ Stay in education and get a job.

We are pleased to announce that our current contracts with Halifax Opportunities Trust and North Halifax Partnership will be extended for an additional 12 months.

This means both providers will deliver Children's Centre services until 31st March 2020 and have the opportunity to be part of our future planning in 2019/20.

This will allow the Children's Centre services to engage with the following system reviews happening in 2019/20.

1. Early Intervention Review

The Early Intervention Strategy for Children, Young People and Families 2018-2019 has been written for one year only to enable the local partnership to undertake a full strategic review of Early Intervention across the organisations in Calderdale who provide help in one form or another. This includes the Council, Police, Education and Public Health and Voluntary Sector.

2. Calderdale Cares

Calderdale Cares sets out the plan to develop services in collaboration across health and social care organisations and the third sector, aiming to bring about improved health and wellbeing for the people of Calderdale. Calderdale Cares is a place based framework for health and social care in Calderdale, where organisations work together and share resources to deliver holistic person-centred support in local neighbourhoods.
