

Room 2 is an inviting space for the children to learn and grow. Each area provides stimulating activities for your child to develop the skills they need according the early years foundation stage. We provide exciting yet challenging activities daily and follow the interests of each individual child. Each month we have a 'book of the month' which we plan and carry out focused activities around. We talk about the book and get creative with making lots of things about the various characters or theme of the story. We also invite our parents to join in the fun by completing a home learning challenge with their child/ children based on our book of the month. We love to share these with the children.

Our spacious outdoor area provides opportunities for the children to explore and develop their physical skills and imagination. Our allotment provides a space where the children can learn and explore how to plant a variety of foods, watch them grow and enjoy tasting them, which is the best part of course!
